

FRANS MALAN RESERVE

Style of Wine

Cape Style blend.

Heritage

In 1991 we experimented with a Pinotage Cabernet blend for the Cape Winemakers Guild, to show the public a new approach in winemaking. At that time it was in vogue to talk about what a typical South African blend is. After the success of the 1991 vintage we decided to make this blend as a limited release to the larger public. The wine was named after Frans Malan, the founder of Simonsig and the patriarch of the Malan family. The 15 vintages to date have built up an enviable track record with 4 Veritas Double Gold and 10 Gold Medals.

Vintage Description

The early growing season was characterised by cool conditions and good rainfall during September, October and November although December was dry. In January the vineyards looked fantastic and held a lot of promise for a superb vintage. The weather pattern changed drastically in mid January when a heat wave cause hot to extremely hot days. This had a significant influence on the tempo of ripening, the size and quality of the vintage. After welcoming rain in February the nights were cool with south westerly winds and temperatures were cool to normal during the day. The February and March rainfall was higher than average and it had a noticeable effect on the late ripening varieties such as Cabernet Sauvignon. The slow increase in sugar levels were ideal for optimal phenolic ripeness as hang time was stretch to the limit.
